Student Evaluation of Instruction Online Commentary
Semester: Fall 2019

School: Business

Course: MBAD 6110

Department: SBUS
Instructor:
Title: Fin Mgmt/Acct

* Blank comment responses are not shown. *

---

1. The instructor was prepared for class.

105 - always posted material in a timely an accurate manner.

---

2. The subject matter in this course was presented in a well-organized manner.

100 - This class is still a bit difficult. I think additional examples and learning material could be provided to help students, especially when it comes to the midterm

105 - gave students the opportunity to submit the homework for review in order to fix errors and was always prompt and resourceful with her responses.

---

5. The instructor encouraged me to think more about the subject.

104 - weekly discussion posts were very beneficial.

---

6. The instructor was willing to answer questions.

100 - Awesome at answering questions and reviewing work and providing feedback. Very helpful!

103 - gave me timely feedback on my assignments that clarified errors I made in my calculations.

104 - normally responded to my e-mails within a few hours even if it was on a weekend.

105 - Always answered questions on homework with great feedback for students. Very encouraging to have in a challenging class in an online environment.

---

9. The instructor was available for discussions about the course.

104 - was even willing to review our assignments before submitting them. This was helpful because it was clear that she wanted us to actually learn the material

---

11. The instructor graded and provided feedback which was clear, consistent and timely.

104 - I don't think she necessarily gave feedback on everything.

105 - Refer to notes listed above about feedback and and the promptness of follow up - it was great

106 - Never received feedback on grades and grades were not received timely.

---

12. Exams, assignments, or projects accurately reflected course content.

100 - Mid term exam was rather difficult. I think 7 points per question is really tough when you are dealing with this kind of material
